---

I am a passionate Graphic Designer with 3.5 years of hands-on experience in transforming ideas into visually compelling designs. With a strong eye for detail and a deep understanding of design principles, I specialize in creating logos, brand identities, social media creatives, and promotional materials that not only look good but also communicate effectively. I thrive in creative environments, enjoy solving design challenges, and am constantly exploring new styles and trends to refine my craft. My goal is to use design as a powerful tool to help brands connect with their audience and leave a lasting impression.

## Innovent Edu Tech LLP

### Graphic designer & Video editing

#### Graphic Design:

Design logos, brand identities, brochures, flyers, banners, and packaging.

Create visual content for social media, websites, advertisements, and email campaigns.

Develop layouts and visual concepts that align with client or brand requirements.

Work with typography, colors, and imagery to build cohesive and appealing designs.

Collaborate with marketing teams or clients to understand goals and deliver creative solutions.

Prepare final files for print, web, or digital publishing with proper formats and resolutions.

Maintain brand consistency across all design projects.

#### Video Editing:

Edit short-form and long-form video content for YouTube, Instagram Reels, ads, and promotional materials.

Trim footage, add transitions, music, sound effects, and text animations.

Enhance video quality with color correction, grading, and stabilization techniques.

Create motion graphics or animated text using After Effects or similar tools.

Work closely with content creators, clients, or scriptwriters to bring ideas to life.

Organize raw files and manage video libraries for efficient access and reuse.

Ensure videos are exported in suitable formats and aspect ratios for various platforms.
