

Head of Finance Shared Service (Global Business Services / Global Capability Center) Profile

Signature Skills: Strategic Transformation Leadership | Innovation & Technology Enablement | Finance Process | Operations Excellence

Summary

Strategic finance transformation and seasoned GBS/GCC leader with over 14 years of insightful experience in setting up, scaling and transforming shared services centers across Finance and procurement domains. Proven track record in leading global transformation initiatives, digital automation and driving operational excellence across multi-regional teams. Trusted advisor to CXOs with strong governance, change management and stakeholder engagement skills.

Leveraged Lean methodologies, RPA solutions, and KPI driven performance management to optimize service delivery, enhance compliance with IND AS & IFRS, and significantly improve SLAs and payment performance.

Developed global service delivery model, building future ready GBS/GCCs, leading global transitions, and driving end to end process excellence across finance operations (RTR, PTP, OTC and FP&A).

Trusted business partner with strong stakeholder management skills and a track record of driving finance transformation, talent development, and continuous improvement in complex, multi-entity environments.

Known for a strong work ethic and emotional intelligence, with exceptional communication, active listening, analytical thinking, and problem-solving abilities, enabling sound decision-making and effective collaboration across global teams.

An MBA Finance and CMA Final* (ICMAI) professional, backed by a strong academic foundation in finance. **Seeking senior leadership roles such as Head of GBS, Head of GCC, or Head of Finance SSC to drive enterprise-wide impact through innovation, governance, and digital enablement.**
