ABOUT ME

A competent professional with **18+ years of functional experience in Electrical Height Voltage Grid, Solar power Plants, Substation, OHL projects and Tendering and sales, Oil Gas Projects Execution technical & Commercial evaluation, order finalization, operation and maintenance, site administration and team management in industrial and powersector.**

PROFILE SUMMARY

Tendering –Proposal Experience:

- Preparing **Tenders & proposals, techno commercial offers and project proposals, preliminary engineering, Quantity estimation, cost estimations, forvarious Tenders, RFQ, BOQ, EOI and other enquiries from Oil & Gas Sector & Utility Sector.**
- Prepared project proposals that include cost & Quantity estimates & technical feasibility,Project Cash flow, Project Schedule, NDA& MOU, created corresponding presentation materials for review with Management, Projects and Sales team involved.
- Prepared Detailed Project Report that includes System Engineering, Component Technical Specification, Costing and Return of Investment etc.
- Reviewed Customer's specifications and identify scope of supply and qualifyexceptions/compliance.

Project & Execution Experience:

- Experience in **EPC & Service, Up to 132KV OHL Construction & Grid, Transmission, Distribution, 33KV Substation Construction, Long term contract, Call off &Operation and Maintenance contract in PDO &Non PDO.**
- Sound technical knowledge of all electrical and instrumentation products.
- **Preparing Project Estimation, BOQ. Engineering, Pre Design.**
- lead the planning, execution, and completion of substation & OHL projects.
- Expert in handling jobs in area of BOQ validating, drawing approval, Interaction with client, Vendors and coordinate with purchase and execution team for timely delivery of materials on site. Having in depth knowledge of Electrical switchgears, Material Planning, Billing & collections, Projects Planning, finalizing contractors and Material Excellent verbal and written communication skills.
- Adapt to New System to meet the requirements of the business.
- Preparing Project Construction Schedule
