PROFESSIONAL SUMMARY

Experienced EDI Developer with 3 years of expertise (Senior Software Engineer) in EDI mapping using Axway Mapping Services and B2B Integration. Proficient in partner onboarding, mapping, translation, and troubleshooting. Well-versed in EDI standards such as X12, EDIFACT, and XML, along with various network protocols. Skilled in developing and optimizing EDI solutions, configuring trading partners, and managing seamless data integration for efficient communication between business systems. Passionate about leveraging EDI technology to enhance operational efficiency, improve data accuracy, and drive business performance.

WORK HISTORY

SOPRA STERIA INDIA (NOIDA)

Senior Software Engineer

- 08/2022 to
Current

- Developed **EDI maps** (INVOICE, PURCHASE ORDER, ASN) using AXWAY Mapping Services. Strong in Map Editor development/debugging.
- Proficient in EDI standards: **ANSI X12, EDIFACT, XML** and **flat file** structure.
- I have worked on one project that is proper in flat file and complex database.
- I have also worked on data mapper maps using Axway mapping service.
- Familiar with messages: 810, 850, 855, 856, 860, 997, INVOIC, ORDERS, ORDRSP and others used in supply chain, logistic, Freight Forwarder, retail and transportation industry.
- Onboarded **150+ B2Bi partners**.
- Extensive experience with EDI platforms: **Axway B2Bi, Sentinel, Mapping Service**.
- I am skilled in maintaining database structure using **SQL, PostgreSQL, Oracle and MySQL**.
- Worked on a complex query flow diagram for a project to simplify the data.
- Skilled in communication protocols (**SFTP, AS2, FTP, HTTP/s, AS4**).
- Developed Data Transformation and Migration **maps** for both Inbound and Outbound direction.
- Good Understanding of B2bi flow configuration (Agreement, doc Agreement, Metadata, Service, Application Pickup, Trading Pickup, Partner delivery, Message Handler, Message Attributes, Collaboration settings etc)
- Collaborated with international teams (**USA, UK**) to resolve complex issues. Supported **go-lives, trainings** to end-user, **hyper care** phase and providing **on-call** production support.
- Managed incident tickets and tracking via Jira and ServiceNow (SNOW). Exposure to Tools like Axway Sentinel, Confluence, Postman, Git, SVN, FileZilla and such.
- Diagnose and **troubleshoot** complex issues and perform root cause analysis to ensure smooth data exchange with trading partners.
- Efficient in writing reusable, testable code, and ability to run test files on UAT and validate test results. Contributed to the high-visibility migration projects.
- Hands-on experience in **AWS cloud services** (EC2, S3 etc.) for new B2Bi customers.
- Developed Proof of Concepts (POCs) and migration tools using Shell and Python.
- I have also worked on shell script to reduce the manual work and also update some script.

SKILLS

EDI Standards: ANSI X12 - 810, 850, 855, 856, 997 and others

EDI Tools: Axway (B2Bi) Mapping & Integration, Axway Sentinel

Protocols: SFTP, AS2, FTP, HTTP/s, AS4

Databases: MySQL, PostgreSQL, Oracle

Operating Systems: Unix

Tools: Jira, ServiceNow, Git, SVN, FileZilla, Postman, MS Office

Programming Languages: Java

Cloud Platforms: AWS (EC2, S3)

TRAINING

- Learn Java for Beginners
- **Sql Developer** by Udemy
- **Web Development** by Internshala.

AWARDS

- **Falcon** Award, 1st- Sept/2022, 2nd - July 2023, 3rd – March 2024, Sopra Steria India
- **Pinnacle** Award, **Jan** 2023, Sopra Steria India
- **Spot** Award, 1st- Sept/2021, 2nd- April 2022, Sopra Steria India

EDUCATION

BACHELOR OF TECHNOLOGY: Computer Science & Engineering AKTU ~ Ambedkar Institute of technology for Handicapped, Kanpur	2022
SENIOR SECONDARY: PCM Jai Narayan Vidya Mandir, Kanpur GPA: 80%	2017
HIGHER SECONDARY Jai Narayan Vidya Mandir, Kanpur Percentage: 83.3	2015

LANGUAGES

- English & Hindi

- **Cloud Platforms:** AWS (EC2, S3)
- **Programming Languages:** Java
- **Tools:** Confluence, Jira, ServiceNow, Git, SVN, FileZilla, Postman, MS Office
- **Operating Systems:** Unix
- **Databases:** MySQL, PostgreSQL, Oracle
- **Protocols:** SFTP, AS2, FTP, HTTP/s, AS4
- **EDI Tools:** Axway (B2Bi) Mapping & Integration, Axway Sentinel
- **EDI Standards:** ANSI X12 - 810, 850, 855, 856, 997
