EXPERIENCE

T.CUBE CONSTRUCTION

2 year

ER.ABUL KASIM, B.E., (8870413133)

Responsibility-Site supervising, Construction Management, planning and designing.

Supervised and coordinated construction activities for a **commercial complex, hotel, residential building, and a mosque**, ensuring progress as per approved drawings and schedule.

Successfully managed the **completion phase of a mosque project**, including reinforcement detailing using **heavy rods for structural components**, adhering to safety and quality standards.

Oversaw **brickwork, plastering, electrical section alignment, and curing processes**, ensuring precision in level and finish.

Ensured **proper site execution** through active involvement in **planning, design coordination, and technical supervision**.

Interacted with contractors and labor teams to maintain **site discipline, work quality, and timely delivery**.

Conducted **material checks, reinforcement inspections**, and handled technical issues on-site efficiently.
