---

**Summary:**

SAP ABAP Developer with 3.4+ years of hands-on experience, offering expertise in project implementation, upgrades, and client solutions.

My expertise encompasses hands-on development in RICEF, including Reports (Classical, Interactive), Interfaces (BAPI, BDC, IDOCs), Enhancements (BADI, User Exits, Customer Exits), and Forms (Adobe & Smart Forms).

Proficient in Data Dictionary, I possess an in-depth understanding of Objects in OSS Note implementation.

Furthermore, I boast hands-on experience and a solid understanding of FICO, SD, MM, and PM functional processes. My role as analyst and I have good customer interaction skills, complemented by a strong grasp of business processes.

•
