DEVOPS ENGINEER

DevOps Engineer with **3 years of experience** in **Microsoft Azure**, **CI/CD pipelines**, **Docker/Kubernetes**, and **automation** using **PowerShell** and **Bash**. Skilled in **cloud infrastructure** management, **monitoring**, and implementing **security** best practices to deliver reliable and scalable solutions.

TECHNICAL SKILLS

Scripting & Automation	:	Bash, PowerShell, Python (Novice)
Cloud Platform	:	Microsoft Azure (VMs, Storage, IAM, VNets, Monitor)
CI/CD & DevOps Tools	:	Azure DevOps, GitHub Actions, CI/CD Pipeline
Containers & Orchestration	:	Docker, Kubernetes, AKS
Monitoring	:	Azure Monitor, Log Analytics
Version Control	:	Git, GitHub

EXPERIENCE

Tata Consultancy Services
DevOps Engineer

July 2022 – August 2025
Pune, Maharashtra, India

- Implemented **CI/CD pipelines** using **Azure DevOps** and **GitHub Actions** to streamline deployments across development and staging environments.
- Dockerized applications and deployed them to **Azure Kubernetes Service (AKS)** for scalable and resilient infrastructure.
- Configured **Azure Monitor** and **Log Analytics** to collect metrics, visualize dashboards, and trigger alerts based on resource usage.
- Used **Git** and **GitHub** for managing code repositories and executed branching strategies for collaborative development.
- Developed a custom **PowerShell** script to enhance control and automation within **Microsoft Azure**, reduced manual intervention by **30%**.
- Deployed **Microsoft Cloud Security Benchmark (MCSB)** controls to ensure compliance with industry-standard security practices.
- Managed resource provisioning, monitoring, and permissions using **Azure CLI**, **RBAC**, and built-in policies.
- Resolved a critical bug causing duplicate control visibility, improved control accuracy and reporting quality.
- Optimized automation scripts, improved efficiency of Azure infrastructure tasks by **20%**.

EDUCATION

Solapur University
Bachelor of Technology - Computer Science and Engineering: CGPA: 9.1

Pandharpur, Maharashtra, India
September 2019 – July 2022

MSBTE Board
Diploma - Computer Science and Engineering: CGPA: 9.0

Solapur, Maharashtra, India
September 2016 – July 2019

ACHIEVEMENTS

- Solved **500+ Data Structures and Algorithm** problems on coding platforms like [LeetCode](#), [Coding Ninjas](#), and [HackerRank](#).
- Earned multiple coding badges, including **Code Crusader**, **Consistent Coder**, **Diligent Developer**, and the **365 Days Badge**.
- Achieved **5-Star** rating in **Problem Solving** on [HackerRank](#).
