PROFESSIONAL SUMMARY

Experienced UI/UX Developer with 9.6 years creating responsive, user-focused web and mobile applications. Expert in blending UI/UX design principles with front-end technologies to build intuitive and scalable digital experiences. Proficient in HTML5, CSS3, JavaScript, Angular, React, Bootstrap, Tailwind CSS, and Figma. Skilled in wireframing, prototyping, design systems, user research, usability testing, and interaction design. Experienced in translating complex business requirements into effective user solutions through cross-functional collaboration with product managers, developers, and stakeholders. Proven ability to enhance usability, optimize performance, and deliver high-quality results in Agile/Scrum environments.

TECHNICAL SKILLS

UI/UX & Design Tools: Adobe Photoshop, Adobe Illustrator, Adobe XD, Figma

Front-End Development: HTML5, CSS3, Bootstrap, SCSS, Tailwind CSS, JavaScript, jQuery, Angular, React JS, WordPress

Cloud & IT Tools: GitHub, Office365

Support Tools: LogMeIn, Rescue

PROFESSIONAL EXPERIENCE

CtrlAltFIX Solutions Pvt. Ltd.

May 2023 – April 2025

UI/UX Developer / Web Applications Developer

- Developed and implemented responsive, user-centric UI/UX solutions using HTML5, CSS3, JavaScript, jQuery, Bootstrap, Tailwind CSS, and modern frameworks like Angular and React JS.
- Designed high-fidelity prototypes and UI assets in Figma to streamline the design-to-development workflow.
- Led debugging and performance optimization initiatives to enhance user experience and interface efficiency.
- Collaborated directly with clients via onsite meetings and calls to present updates, gather feedback, and align on project goals.
- Defined and executed end-to-end UI/UX strategies, ensuring design consistency and user engagement across products.
- Delivered comprehensive UX documentation including wireframes, user flows, sitemaps, and interactive prototypes to support intuitive and scalable product design.

BCforward India Technologies Pvt. Ltd.

June 2020 – March 2023

UI Designer & Web Developer

- Translated user stories into interactive front-end features and components.
- Delivered and maintained UI using HTML5, CSS, JavaScript, Bootstrap, Tailwind CSS, & React.
- Participated in client communications, code debugging, and performance tuning.
- Built and maintained design systems, ensuring visual and functional consistency.
- Collaborated with internal teams to align technical implementation with design objectives.

Sage Business Solutions Pvt. Ltd.

December 2018 – March 2020

UI/UX Designer & Developer

- Collaborated with the PDM and design teams to implement UI based on design specs.
- Worked closely with backend teams to integrate UI components with services.
- Conducted code reviews and mentored peers on best practices.
- Supported bug fixing, UI performance optimization, and deployment.
- Created engaging layouts for landing pages, optimizing user flows, and CTAs.

Click2Clinic Health Care Pvt. Ltd.

April 2018 – December 2018

UI/UX Designer & Developer

- Led design and development discussions, converting mockups to functional UIs.
- Provided UX research guidance and executed usability testing.
- Adhered to brand and style guidelines to ensure consistency across products.
- Actively contributed to front-end development and integration with services.

Ashace / Acenblu Technologies Pvt. Ltd.

August 2015 – March 2018

Web Designer & Developer

- Delivered multiple UI modules with high-quality code and production-ready features.
- Performed unit testing, production support, and regular code reviews.
- Collaborated with team members to address performance issues and UI bugs.
