PROJECT

Study on workers satisfaction in textile industry

2023-2024

A study on worker satisfaction in the textile industry would aim to understand the level of job satisfaction among employees, including factors like pay, work conditions, and relationships with colleagues. It would likely involve surveys, interviews, or focus groups to gather data on employee experiences and perceptions

Technologies Used: Several journals ,Wang Y,Randhawa G,Samad S...

INTERNSHIP DETAILS

An internship in the winstar apparel garment sector offers valuable hands-on experience in the production aspects of the industry. Interns may assist with tasks like pattern making, sourcing fabrics, sample production

They can also gain insights into how different departments within a garment manufacturing unit collaborate, from product development to costing and production execution.
