PERSONAL PROFILE

Experienced Odoo Developer with over 4+ years of expertise in customizing and integrating Odoo ERP solutions across core modules including Sales, Purchase, Manufacturing, Inventory, and Accounting. Proficient in API development, module migration, performance tuning, and server management. Passionate about delivering scalable solutions and contributing to business process improvements.

WORK EXPERIENCE

- Customized and developed Odoo ERP modules (Sales, Purchase, Manufacturing, Inventory, Accounting), including custom reports using Qweb, to meet specific business needs.
- Led migrations from Odoo 12 to Odoo 16, ensuring smooth transitions and enhanced functionality across modules.
- Integrated Odoo with external platforms such as Kaufland, Conforama, Bol Connector; developed custom marketplace modules for client-specific use cases,
- Have hands-on experience in Development and Customization for Mattress Manufacturing company especially in Inventory Management and Manufacturing process and Integration between various Odoo Instances using REST API and XMLRPC.
- Managed server deployments, Odoo instance setup, PostgreSQL administration, and designed REST APIs to support third-party system integrations.
- Imported and processed data from CSV/Excel for creating and managing Products, Customers, Vendors, and other master data.
- Collaborated with cross-functional teams, mentoring colleagues, and contributing to the development of efficient, maintainable code through testing and continuous improvements.

ROLES AND RESPONSIBILITIES

- Customized Odoo modules such as Sales, Purchase, Manufacturing, Inventory, and others based on specific business requirements.
- Developed clean, maintainable, and efficient code to implement both functional and technical requirements across various projects.
- Created custom modules to fetch, parse, and automate marketplace data integration into Odoo for platforms like Amazon, Kaufland, Bol.com, etc.
- Designed and tested scenarios using advanced REST APIs and tools like Postman to ensure proper functionality and performance.
- Participate in all phases of the Agile software development life cycle including technical analysis, design, development, testing, documentation, and deployment.
- Collaborated with Project Managers to gather requirements and provided expert guidance on Odoo module functionality and technical feasibility.
- Mentored junior developers, supported team members, and contributed to a culture of continuous learning by sharing knowledge and exploring new technologies.
- Demonstrated strong ability to customize existing modules and develop new Odoo modules as per project needs

TECHNICAL SKILLS

- Odoo Version Migration & Customization: Experience from Odoo v12 to v16
- Programming Language: Python
- Module Development: Custom module creation and enhancement
- API Integration & Testing: RESTful API, Postman
- Database Management: PostgreSQL
- Workflow Configuration: Business logic and automation setup
- Reporting Tools: Qweb, XML for custom reports and dashboards
- Version Control: GitLab, GitHub
- Development Tools: VS Code, Sublime Text
- Server & Deployment: Odoo instance management, Linux-based deployment
- Certifications: Basics of JAVA, SWING, MYSQL

SOFT SKILLS

- Team Leadership & Mentorship
- Collaboration & Cross-Functional Teamwork
- Problem Solving & Troubleshooting
- Client-Focused & Solution-Oriented Approach
- Time Management & Task Prioritization
- Adaptability & Continuous Learning
- Effective Communication & Technical Documentation

CAREER

- 2024 – Till – Senior Software Developer in **Bambus Technologies LLP**
- 2022 – 2024 – Software Developer in **Bambus Technologies LLP**
- 2021 – 2022 – Junior Software Developer in **Bambus Technologies LLP**

EDUCATION

- **BACHELOR OF COMPUTER APPLICATIONS (BCA)**
  Jairam Arts and Science College, Periyar University. 2017 – 2020

LANGUAGE

- English
- Tamil
- Malayalam

DECLARATION

 I hereby declare that the above mentioned details are true to the best of my knowledge.
